

A CERTIFICATE GIVEN TO MECK BY STATE BOARD

SENATOR IS ONLY MAN WHO IS
FAVORED WITHOUT AN
EXAMINATION.

NOTHING COMES OF CHARGES

Sensational Finding of Inquiry Into
Insinuations Made By Dayton
Board Member.

Columbus, Nov. 23.—Sensational disclosures were fruits of the hearing before State School Commissioner Jones last night on charges made by Senator Wm. H. Meck, of Dayton, who, in an address before the annual meeting of the Central Ohio Teachers' Association, claimed that state examiners were trafficking in teachers' certificates. The worm turned, and three of the examiners who served on the board with the Senator declared that he was the only person they knew who had received a life certificate without the required examination. Those who acknowledged that they had given Mr. Meck his papers in this irregular way are: W. W. Boyd, Columbus; M. E. Hard, Chillicothe, and J. D. Simkins of Newark. They declared, too, that Meck had served as a state examiner for more than a year, and when he took part in the examination of the applicants for state certificates he did not have one himself. Mr. Meck was not present at the meeting to hear these things presented.

Assistant Attorney General Miller acted as the legal adviser for the school commissioner and cross examined the witnesses sufficiently to bring about the Meck disclosures. It was Mr. Hard, who served five years with the senator, that exploded the bomb.

Mr. Meck stated in his address before the association that he proposed to introduce a bill at the next session of the Legislature to prohibit examiners from accepting positions as lecturers at County Teachers' Institutes, claiming that it was "easy money" and that while he was an examiner he never compromised himself by accepting such offers. An affidavit made by J. H. Horton, of Baltimore, declares that Meck did approach him at the December examination in 1901, when the affiant was an applicant for examination and requested him to be appointed as a lecturer at his institute. Records were also introduced to show that Meck received \$10 for institute work from Lucas county in 1901; \$11 from Darke county in 1904, and \$9 from Ottawa county in the same year.

Besides those mentioned these examiners were present: Charles Haupt, Wapakoneta, and Arthur Pewell, Middleton. Present members of the board in attendance were S. P. Humphreys, Ironton; Hiltner, Mansfield, and W. E. Kirk, Cleveland. Not one of these men denied that he had done institute work while state examiners, but all asserted that they had done the work before having been appointed. Those who have severed their connections are still doing it.

So far as they knew no influence whatever had ever entered into the granting of certificates and it was the policy of all commissioners who appointed them to treat all applicants alike. Mr. Meck's case was the only exception. These members of the board who gave him his certificate did so with the understanding, they said, that he was to go through the regular examination later. This he did, so far as registering was concerned, but he did not answer a single question, and his various branches were marked up with generous percentages. The only persons who were given certificates without examination were such eminent educators as ex-Superintendent Boone, of the Cincinnati schools, ad Profs. Chalmers, Toledo; Hallman, Dayton, and Jones, of Cleveland. All these men had life certificates from other states, and having been granted on examinations were honored here through the custom of reciprocity. On the other hand, Meck was the possessor only of a city teacher's certificate, granted to him by the authorities of Dayton, when given his state certificate. Meck had been appointed on the board by former School Commissioner Bonebrake.

Every examiner at the hearing declared that he had to work hard for his papers, and the three members who told how they had granted Meck's, stated that it was understood that he was to be given one, and hinted that it was at the wish of Bonebrake.

Each of the examiners present denied that there was even foundation so far as they knew individually, for

RADIUM IS CHEAPER
NOW 2 MILLION AN OUNCE
Vienna, Nov. 23.—The price of radium is coming down. Success has rewarded efforts of scientists to cheapen its production. It was estimated some time ago an ounce of radium would cost \$3,000,000. Now \$1,000,000 can be saved on the ounce.

Meck's charges, and declared that they were absolutely false. The hearing was in the nature of a round table conference, and while each told of his experience as a member of the board he was not sworn. Commissioner Jones and Assistant Attorney General Miller cross examined them. Since they seem to feel that their honor has been assailed by Senator Meck, they will make an earnest effort to smoke out their accuser, even if they have to carry it to the General Assembly when Meck's proposed bill is up for passage.

U. S. NOT PREPARED FOR WAR SAYS MASON

Washington, Nov. 23.—Rear Admiral Mason, in a report today declares that it is absolutely necessary that congress authorize the purchase of new one-year treasury certificates, which indicates that the secretary is prepared to cut out red tape as far as possible and place the proceeds of the sale of the certificates promptly at the disposal of the money market.

COLUMBUS HAS ENOUGH; NOW IT'S NEWARK'S TURN

Ohio has 88 counties, and Franklin is one of them. Ohio has 18 state institutions, and Franklin county already has six of them, and the six largest and best.

Now Columbus is making a strong bid for the new state home for crippled children and the state commission is said to have decided to give this new institution either to Franklin or an adjoining county.

The people think Columbus already has her full share of fruit from the state plum tree. Not satisfied with the benefits derived from six big state institutions, the state capital is reaching out for the seventh. Will the commission appointed to select a site for this institution be so unwise and impolitic as to grant this greedy request?

Franklin county not only derives profit from a half dozen big state institutions but enjoys the use of a five-million-dollar fund poured into the state treasury by the corporation tax. Isn't it time to give some of the other counties a chance?

Columbus and Franklin county people pay only a small portion of the state tax, yet they are reaping much more than their share of the benefits.

Newark offers a site, free of cost to the state, that excels anything Columbus has to give. The land is ample in extent, has pure water, splendid drainage, beautiful surroundings, healthful altitude, and is almost in the exact geographical center of Ohio. Railway facilities are first-class, and the site is ideal from every viewpoint. The state can build and operate the home here in Newark cheaper and to better advantage than at any other point.

Columbus has enough. Give some of the remaining 87 counties a chance. This time it should be Newark's turn.

DID WIFE SHOOT SMITH?

Mysterious Double Tragedy at New Rochelle, N. Y., Today

---Note Found This Afternoon May Unravel It---
Two People Found Dead.

New Rochelle, N. Y., Nov. 23.—Mr. and Mrs. W. H. Smith were found dead from bullet wounds in their heads this morning as their handsome home was burning about them. Smith was in the automobile business. The police think that Smith killed his wife, set the house on fire and committed suicide. Another theory is that burglars committed the double murder of robbery and arson.

A note found this afternoon indicates that Mrs. Smith may have done the shooting. It reads: "Dear Minnie: I owe a small sum to B. E. Co. Please pay them and cremate me. I cut off my hair, but my headaches are not relieved. I will be in a few minutes. Lovingly, Grace."

MAURETANIA BRINGS \$12,500,000 IN GOLD TO THE UNITED STATES

THE NEW CANADIAN LINE MAURETANIA.

CORTLEYOU'S ANNOUNCEMENT.

Washington, Nov. 23.—An important announcement of policy was made by Secretary Cortleyou last yesterday afternoon in regard to the allotment of new one-year treasury certificates, which indicates that the secretary is prepared to cut out red tape as far as possible and place the proceeds of the sale of the certificates promptly at the disposal of the money market.

THE LOUNGE.

New York, Nov. 23.—The Statue of Liberty, down the bay, is a thief. While the big liner Mauretania was lying fog bound off Sandy Hook, yesterday, she kept vainly sending wireless messages to the Caronia at the North River dock. When the Mauretania finally reached her pier the discovery was made that the messages had been stolen. Cunard officers say the liberty statue is to blame. Miss Liberty's tall arm extending so high in the air it is claimed intercepted the messages.

A GOVERNMENT BANK

Is the Latest Scheme of the Roosevelt Administration—
Pierpont Morgan and Other New York Bankers Rush
to Washington to Protest Against the Project.

Washington, D. C., Nov. 23.—The administration according to authoritative information procured here Friday night, will favor the establishment of a great central government bank.

J. P. Morgan, head of the financiers' protective committee in New York, and George F. Baker, president of the First National bank, arrived here at 10 o'clock Friday night and went directly to the White House, where they went into conference with the President.

It is understood that they are here to talk over the financial condition with him and incidentally to protest against the proposition of a government bank.

The President held a conference with Secretary Cortleyou, Secretary Root, Postmaster General Meyer and Senator Lodge yesterday. It is understood that the subject of a government bank was taken up.

Senator Munsbrock of North Dakota, a member of the Senate finance committee, and who is considered one of the President's closest advisers, said Friday after talking with the President:

"I shall introduce into the coming session of Congress a bill providing for a government bank, and I hope to see it supported by the administration."

The President and Secretary Cortleyou are far from being well satisfied with banking interests of the country. The establishment of a central government bank has been earnestly discussed within the administration circles for the last week.

NO TARIFF REVISION AT COMING SESSION OF CONGRESS, SAY LEADERS

Washington, Nov. 23.—There will be no tariff revision at the coming session of Congress," said Representative Payne of New York, chairman of the ways and means committee, and Representative Daboll of Pennsylvania, chairman of the committee on tariff revision, after a conference with the President today. They called to discuss the tariff and revenue legislation.

The Y. M. C. A. convention heard their addresses today by various leaders. William Jennings Bryan will speak at 4:30.

The hide of a cow produces about 25 pounds of leather; that of the horse about 18 pounds.

CAPTAIN OWEN PRITCHARD.

BRYAN WILL BE DEMOCRATIC LEADER

National Committee to Meet in Washington December 12—Conference at Taggart's Party.

French Lick Springs, Ind., Nov. 23.—Bryan will be the candidate and the tariff the issue of the Democrats in 1908, in the opinion of the few members of the National committee attending Chairman Thomas Taggart's house party here.

The convention to name the candidate, another to make the platform, will be held at either Chicago, Denver, Minneapolis, Louisville or Cincinnati. That matter is an open one and the city that does the most hustling will win. It will be definitely decided when the committee meets at Washington December 12.

It is the view of the committee that Bryan is to be the candidate by default. The Nebraskan has simply been conceded the place since he announced last week that he was a receptive candidate, because no one else has shown a disposition to fight.

Definite word has reached several of the committeemen that Governor Johnson of Minnesota will not run if Bryan does. Colonel W. C. Westmore of St. Louis, makes the same statement for Governor Folk of Missouri. Judge Gray of Delaware is not considered.

Former Senator Fred Dubois of Idaho, Mayor James C. Dahlman of Omaha, Governor John E. Osborne of Wyoming and Norman E. Mack of New York, are the committeemen who are enthusiastic for Bryan.

The latter's name looks rather strange in the list, but Mack is really out enthusiastic for the Nebraskan. He states that upon a third attempt Bryan will carry New York.

Dubois says that out in his country Republicans as well as Democrats are for Bryan or at least for someone besides Roosevelt or any candidate named by Roosevelt.

"The silver states," he said, "are getting a great deal of comfort out of the present financial situation. They take the issuance of scrip by Chicago, New York, St. Louis and other places and the conditions that caused the issue, a vindication of Bryan's free silver campaign of 1896."

"While there is no chance that free silver will again be the issue," Mr. Dubois said, "the fact that the bankers are using an almost asset currency and forcing people to use it shows that Mr. Bryan's ideas were at least not ridiculous as those bankers said they were."

BRYAN SEES ROOSEVELT.

Washington, Nov. 23.—President Roosevelt and Wm. J. Bryan were in conference for a half hour in the President's private office at the White House today.

BRADLEY TRIAL HAS ADJOURNED UNTIL MONDAY

DEFENSE WILL OCCUPY THREE
MORE DAYS IN CLOSING
ITS CASE.

ALIENISTS WATCH WOMAN

Former Friends and Associates of
Brown Testify in Behalf of
Fruit Slayer.

Washington, Nov. 23.—With all evidence of fact submitted, the government attorneys and those who are conducting Mrs. Bradley's defense, took advantage of the respite given them today by the adjournment of court, to prepare for the struggle of experts on Monday. Mrs. Bradley's attorneys are more confident than ever of securing an acquittal. The case of the defense is now complete with the exception of the testimony of the experts. "I don't see how the jury can bring in any other verdict, than that of acquittal," said Judge Powers today. "The woman was crazy and we have shown it. If Dr. Evans, the Thaw expert, has so strong a conviction that he is willing to come down here without a cent of compensation, to testify to his belief that Mrs. Bradley was insane at the time of the shooting, certainly we have nothing to fear."

Washington, Nov. 23.—The Bradley murder trial was adjourned last night until Monday, when the remaining witnesses for the defense will testify. It will take three more days for the defense to close.

Yesterday afternoon H. W. Henderson, a venerable judge and associate of Senator Brown, Attorney General Barnes of Utah, and Mayor King testified.

The impression that was made in the minds of the spectators was that these three men, each in his own individual way, were establishing a sentiment in favor of the little woman in black which would not escape having its influence upon the jurors, not so much by what they said in her defense as the reflection as to Arthur Brown's character.

The tired face of Mrs. Bradley shone with enthusiastic interest as she listened to the men whom she had thought in times past were arrayed as enemies against her and were trying, as Attorney Albert R. Barnes expressed it, "to steal Senator Brown from her."

Each witness was questioned in a way to bring out the fact that while on other matters Mrs. Bradley was perfectly sane and normal, that her love for Brown was insane in its fervor and that she had an affection for him that, to use the expression of Mayor King, one of the witnesses was "idolatrous."

Alienists occupied seats in court to study the defendant who is charged with killing Senator Brown.

GIRL'S SCREAMS BROUGHT A DOG TO HER RESCUE

Cambridge, Nov. 23.—The people of Sewelsville, 24 miles east of Cambridge, are greatly exercised over an attempted assault upon Carrie Reynolds, the eight year old daughter of Albert Reynolds, a prosperous farmer. The child was standing in the road near her home awaiting the return of her parents, when a large negro approached, grabbed her and started on a run across a cornfield. The girl screamed for her brothers, who were in the barn, but not being able to make them hear, she called the pet shepherd dog, which quickly responded, and leaping upon the negro, bit him so fiercely that he dropped his burden, jumped over a nearby fence and disappeared.

Searching parties were at once formed and later a negro was captured at Cassville, 17 miles distant, and was identified by the child. He was arraigned before Squire Haines, charged with attempted assault, but the hearing was postponed as feeling ran so high among the farmers that lynching was feared. A heavy guard was placed around the village lockup to insure the prisoner's safety. The negro, who is a stranger in this locality, denied all knowledge of the affair.

LODGE NEWS

Kootah Temple.
Kootah Temple will hold a ceremonial session, at which candidates will be initiated, next Friday evening, November 29, at the hall of Newark Lodge, No. 13, K. of P. The meeting promises to be a successful one as the members are busy. There will be refreshments after the initiation. All members of the order are invited to attend. The members of the team and committees will meet at Roland Lodge next Tuesday evening to complete arrangements. A full attendance is desired.

Odd Fellows.
Newark Lodge, No. 623, I. O. O. F. held an interesting meeting at their hall last Monday night. The noble grand, W. G. Holman, reported three on the sick list, while Brother J. G. McArthur, of the relief committee, reported a number sick. After routine business the I. G. reported that four candidates were in waiting in the ante room, for the mysteries of the second degree. The officers of the lodge surrendered their chairs to the officers of the degree staff and they conferred the second degree to the taste of a queen. A goodly number of visitors were present, and they spoke very highly of the work.

Next Monday night we will confer the third degree on a class of candidates. Brother R. J. Brookler has command of this degree and he never leaves anything undone. We want all Odd Fellows of the city who are transient members, to come to the hall and register in order that we may obtain their addresses. Come up brothers, and enjoy the evening.

Mt. Olive Encampment, No. 2, I. O. O. F., at their last meeting conferred the Golden Rule degree on two convicts and received a number of new applications. Mt. Olive surely has a fine degree team and displays the work elegantly. Next Wednesday night, Nov. 27, we have a large class of candidates for the Royal Purple degree. Patriarch O. F. Ballinger is the captain of the degree staff and Patriarch D. L. Jones is the conductor, who collects the fares, and shows the candidates the beauties and frills of Mt. Oliveism. While Brother O. M. Rankin instructs them in the unwritten laws of the order. We expect Col. Jackson and Zanesville Encampment with us. All Encampment members are requested to come. We are positive you will be well pleased, as we have some new features and designs that are unsurpassed. Refreshments will be served at close of degree.

American Insurance Union.
Newark Chapter, No. 24, A. I. U. held an interesting session Thursday evening with an increased attendance. Five applications were presented and two candidates were instructed in the teachings of the order by the ladies' degree staff.

The chapter has taken on a renewed activity and good work is bound to result. Remember the contest for new members lasts but a little over one month and members should take advantage of that fact and have their friends ready for the next meeting, December 5.

James Rafferty, Jr., was reported on the sick list with a mashed hand. Other sick members were reported on the road to recovery.

Chapters at Zanesville, Cambridge and Coshocton have taken on new life and good reports will soon follow.

The dance club will give their Thanksgiving dance next Thursday.

Sore Throat Prudence

No family medicine chest is well stocked without a bottle of TONSILINE, for you don't know what moment it may be needed to cure a suddenly developed case of Sore Throat. Don't take unnecessary chances, because Sore Throat seems a little innocent. It may be Tonsillitis, Quinsy, Croup or Diphtheria, tomorrow. Cure the Sore Throat by taking TONSILINE, the cure, exclusive throat remedy, and prevent these dreaded diseases.

One dose of TONSILINE will give relief, and a very few doses will cure. It is the stick in time.

GRATEFUL MEN AND WOMEN PRAISE PE-RU-NA.

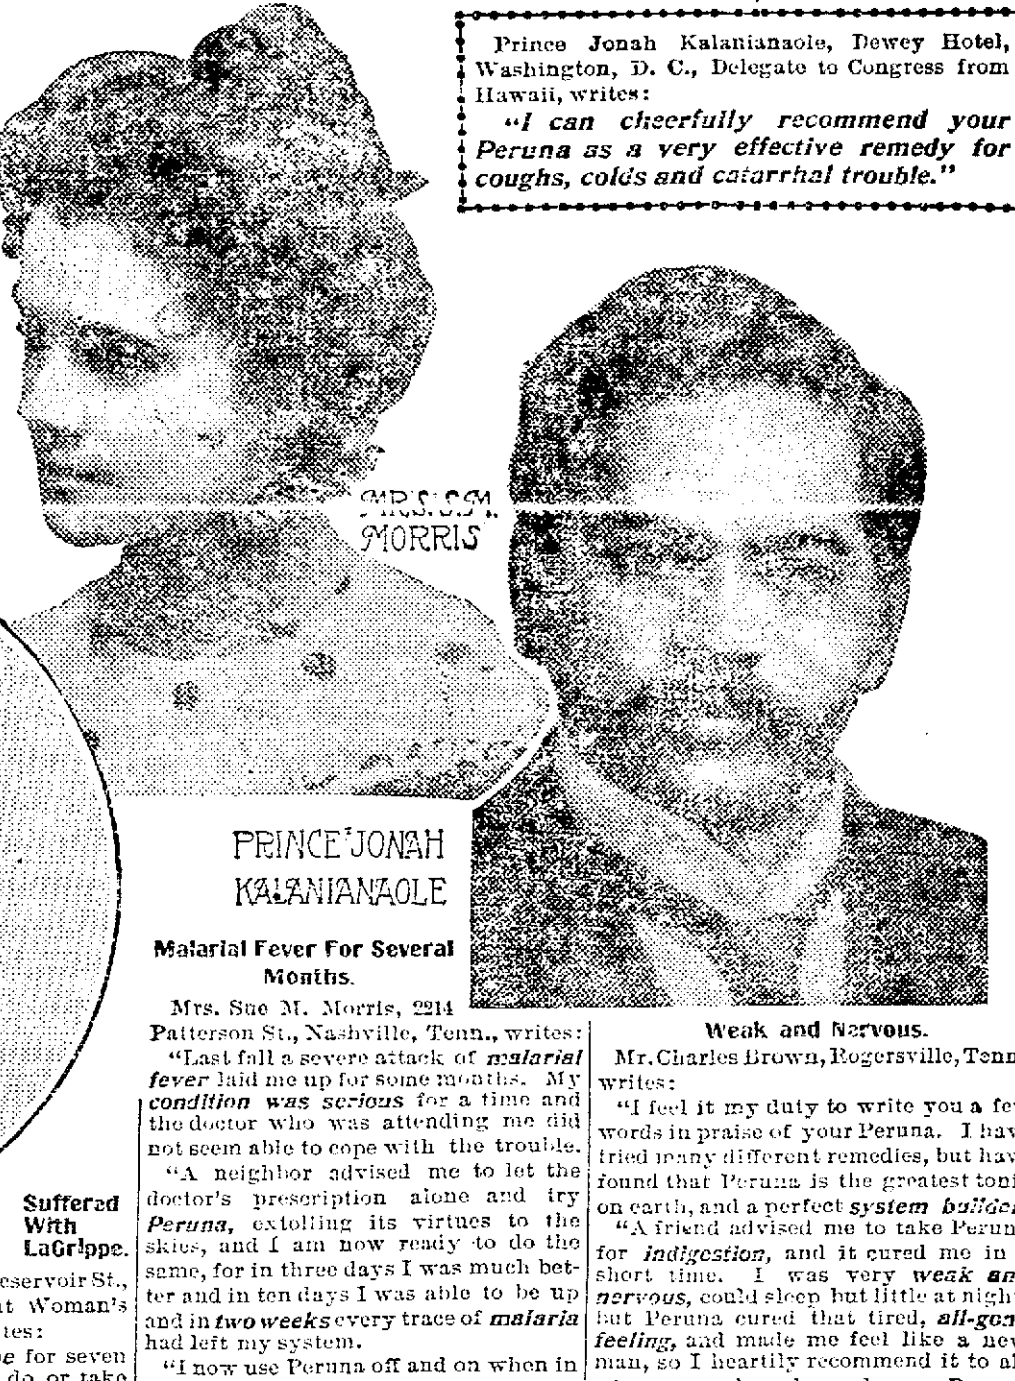

MRS. ELLEN NAGLE

HON. C.C. BROOKS

Mrs. Ellen Nagle, 411 4th St., Green Bay, Wis., writes: "I have often heard Peruna praised and it is more widely known here than other medicines, but I never knew what a splendid medicine it really was until a few weeks ago when I caught a bad cold which settled all over me.

"The doctor wanted to prescribe, but I told him I was going to try Peruna and sent for a bottle and tried it. I felt much better the next morning and within five days I had not a trace of any lameness or cough."

PRINCE JONAH KAHANIANALE

Malaria Fever For Several Months.

Mrs. Sue M. Morris, 2214 Patterson St., Nashville, Tenn., writes: "Last fall a severe attack of malaria fever laid me up for some months. My condition was serious for a time and the doctor who was attending me did not seem able to cope with the trouble.

"A neighbor advised me to let the doctor's prescription alone and try Peruna, extolling its virtues to the skies, and I am now ready to do the same, for in three days I was much better and in ten days I was able to be up and in two weeks every trace of malaria had left my system.

"I now use Peruna off and on when in need of a tonic and it braces me up wonderfully."

"The Doctors Gave Me Up."

Mr. Lewis Kitchen, Huntington, Ohio, writes: "I cannot thank you enough for the good your Peruna has done me. About six months ago I could not leave my bed, and the doctors gave me up saying that I had consumption and could not live. Then a friend recommended Peruna to me, and I commenced using it.

"When I started to use your Peruna I weighed 117 pounds, and now I weigh 172 pounds. I had been sick for ten years, and was so sick I could not turn over in bed when I began the use of Peruna. I think it is the greatest medicine of its time.

"I am now feeling well and hearty and would not be without Peruna."

Prince Jonah Kahanianale, Dewey Hotel, Washington, D. C., Delegate to Congress from Hawaii, writes: "I can cheerfully recommend your Peruna as a very effective remedy for coughs, colds and catarrhal trouble."

True Cause of Disease.

IN these days almost every ailment is supposed to be caused by disease germs.

The medical profession as well as the people, seem to have gone mad over the germ theory of disease.

The universal fear and dread of disease germs is becoming a very serious matter to the welfare and happiness of the people.

Dr. Hartman has consistently contended through all the rise and spread of the germ theory, that most diseases are caused by climatic influences.

For instance, catching cold is responsible for more than one-half of the ills to which human beings are subject.

Danger of Neglected Colds.

A person catches cold easily, thinks nothing about it, neglects it, when it finally becomes settled in some organ of the body, and chronic disease is the result.

A few doses of Peruna in the beginning of the cold would have saved months of suffering, as well as great expense for treatment.

Peruna is a reliable relief for cold. Almost everybody knows this.

Instead of trying to dislodge or kill some imaginary germ, if Peruna was used at the proper time its tonic properties and anti-catarrhal qualities would soon convince the patient that he has found the right remedy.

A multitude of letters are received testifying to this fact.

Keep Peruna in the house. Use it whenever cold or climatic affections assail, and sickness in the household will become greatly lessened, if not entirely prevented.

Catarrh of the Stomach.

Mr. Christian Hofmann, R. F. D. 1, Slatton, Pa., writes: "For many years I suffered with catarrh of the stomach. I was coughing day and night. After having tried three doctors and many remedies, one of your almanacs came to my hand, and I bought some Peruna. So far I have taken six bottles, and I have not suffered with catarrh this summer. I am cured and Peruna did it. I give Peruna to my children when they feel bad and you should see how healthy they are."

Nose, Throat and Stomach.

Mr. Delbert B. Craft, Lowell, Ind., writes: "For a long time I suffered with chronic catarrh of the nose, throat and stomach. I would continually take cold and my stomach was in bad condition. I truly suffered untold misery. I took various medicines and tried the treatment of several physicians, but I felt no better. A friend advised me to take Peruna. I wrote to Dr. Hartman, who prescribed treatment. As soon as I commenced to take Peruna I was surprised at the relief it gave me. I kept on taking it until I had taken thirteen bottles and was cured."

Systemic Catarrh.

Miss Marie Lesser, 928 W. 25th street, Chicago, Ill., writes: "I am glad to give a good word for Peruna, and I hope that all who see this who are troubled with systemic catarrh as I was for years, will profit by it. I had tried many remedies, but none did more than give me temporary relief and some did not even do that. I took Peruna at the suggestion of a friend and was more than pleased and surprised at the results. I am now perfectly well and strong."

Hon. C. C. Brooks, Mayor of Sunbury, Ohio, also Attorney for Farmers' Bank and Sunbury Building and Loan Co., writes: "I have the utmost confidence in the virtue of Peruna. It is a great medicine. I have used it and I have known many of my friends who have obtained beneficial results from its use. I cannot praise Peruna too highly."

Cystitis Entirely Relieved.

Miss Mattie McArthur, care of Hospital, Medical Lake, Wash., writes: "I have not written to you for some time, but, Oh, I have given you many words of praise. I am so well. I had cystitis very badly and could not walk any distance without suffering intense pain, but I do not have a touch of my old suffering now. I can never praise Peruna enough. I am telling every one how much good Peruna has done for me."

Catarrh of Head and Throat.

Mrs. William H. Hinchliffe, 20 Myrtle street, Beverly, Mass., writes: "I have taken four bottles of Peruna, and I can say that it has done me a great deal of good for catarrh of the head and throat. I recommend Peruna to all sufferers with catarrh. I do not think I ever felt much better. I am really surprised at the work I can do. I do not think too much praise can be said of Peruna."

Used Peruna for Bronchitis.

Mr. Frank Battle, Jr., First street, near Charlotte Ave., West Nashville, Tenn., writes: "I desire to say for the benefit of others that your Peruna has unquestionably cured me of chronic bronchitis. It is the greatest discovery of the age for throat and lungs."

Peruna is not simply a palliative to relieve some of the distressing symptoms. It brings permanent relief.

Stop Drinking!

Orrine Destroys the Desire for Drink—"How to Swear Off."

It was formerly customary for the habitual drinker to take the pledge regularly, sometimes once a year, and sometimes in every day of remorse that followed his debauches, and then break it.

But now it is gradually dawning on the world that pledges do not stop drunkenness. When a man takes a pledge voluntarily he expects to keep it. Every man expects to keep his word, and every broken pledge costs the drunkard many a headache. But he cannot help it. He fights as long as he can, then succumbs to the craving. The nervous system of the habitual drinker is diseased and he must have treatment that will cure this condition. This orrine will do so and is sold under a positive guarantee to cure the drink habit or the money will be refunded. No other treatment for the drink habit is sold with such a liberal guarantee.

Orrine is prepared in two forms: No. 1, a powder, perfectly soluble, and pleasant, which can be taken in any liquid, or in food or drink. Orrine No. 2, in pill form is for those who wish to be cured of the habit, and should be taken by every one who craves it.

No matter what form of orrine is used, the guarantee is the same. The price of orrine is 10c per box, mailed to plain sealed wrapper upon receipt of price. Write for free booklet on "How to Cure Drunkenness" mailed to plain sealed envelope by The Orrine Co., Washington, D. C.

Orrine is sold by Frank D. Hall.

A telegram will come on tick when it is sent collect.

OFFICIAL STANDING

OF THE PLAYERS OF THE OHIO-PENNSYLVANIA LEAGUE

Eddie Asher Leads the Pitchers In Individual Averages

"Bunny" Pearce Ranks Ninth in Batting Averages and Al. Schweitzer Thirtieth---Pitchers Individual Averages.

President Charles H. Morton of the Ohio and Pennsylvania league, has made public the official standing of the clubs and the players' individual averages.

The report shows that Newark has been awarded second place in the race for championship, finishing four points behind Youngstown, both teams having won the same number of games, and Newark losing one more than the champs.

In club batting averages we are fifth, while in individual batting averages, "Bunny" Pearce finished ninth, only six going above .300. "Bunny" nearly reached that figure, his average being .297. Al Schweitzer finished thirtieth with an average of .287.

In the club fielding averages we finished fifth with .957.

In the pitchers' individual averages we lead the van, Eddie Asher having finished first with an average of .714. He pitched 25 games, winning 25 and losing 10. This surely is a splendid record and Toledo drew a prize when they drafted the big fellow.

In the catchers' individual fielding averages "Bunny" Pearce ranks sixth, out of nineteen, his average being .977. "Scotty" Winters is twelfth, with an average of .970.

Frank Cygill is eighth in the list of fielding averages, out of fifteen first basemen his average being .980.

"Sandy" Murray ranks in ninth position as a second baseman, out of a list of thirteen players his average being .954.

As a third baseman, Wrattan ranks second, his average being .951. "Pop" Smith ranks eighth with an average of .927. This out

of a total of thirteen men covering the second sack.

Wrattan also ranks second as a shortstop, with an average of .918. Fifteen averages are given.

"Lefty" Snyder received an average of .936, as a left fielder. Schweitzer, .975, as a middle fielder.

EDDIE ASHER, Who Leads the O.-P. Pitchers in Individual Averages.

or, and Abbott, .978, as a right fielder.

The official figures of the league were sent out by President Morton and received in this city Friday, with instructions that they were not to be released under any conditions before Saturday noon. Secretary W. B. Hopkins of the Newark Baseball company, left a copy of the report with The Advocate Friday morning, requesting that President Morton's instructions be complied with. This paper cheerfully complied with Mr. Hopkins' request, and for that reason they were not used until today.

Below is the official batting averages of all players in the league, and also the pitchers' individual averages:

NO ORDER AGAINST OFFICEHOLDERS ON THIRD TERM BOOM

Washington, Nov. 23.—For the past 24 hours a number of interested persons have been hunting diligently for a copy of the much advertised executive order intended to suppress federal office holders who want to elect Roosevelt third term delegates to the National convention. Not a trace of the order has been discovered and it is asserted by cabinet officers that there is no such order. Others describe the incident as merely another "game of hide and seek."

No news from the White House of the past six weeks created more of a commotion than the direct intimation—so direct that it amounted to an official statement—that the President intended to put a stop to the use of his name for a third term by federal office holders.

The news came so straight and was so emphatic that it was generally accepted as the best evidence yet produced that the President's mind was fully made up on the third term question.

Consequently the edict in question has been eagerly awaited. Two cabinet officers declared flatly yesterday that they had heard of no such order; that they had not issued any, and did not expect to. One of the cabinet men volunteered the information that he thought the whole thing was newspaper talk.

Postmaster General Meyer was Friday asked when the prohibitive order would be issued.

"It's hardly necessary now," replied General Meyer, smiling pleasantly. "The newspapers have given the matter sufficient publicity, don't you think?"

It was suggested to Mr. Meyer that the postmasters might take the hint more seriously if they got it in the shape of an official order. He was then asked if he had issued any order of this kind. "It will be issued if it is necessary," was the evasive reply.

WELL DESERVED.
The Praise That Comes From Thankful Newark People.

One kidney remedy never fails. Newark people rely upon it. That remedy is Doan's Kidney Pills.

Newark testimony proves it always reliable.

Milton Smith, engineer on the B. & O. railroad, and living at 323 E. Main street, Newark, O., says:

"Doan's Kidney Pills have been a family remedy with us and it has never failed in a single case. My trouble was kidney complaint and backache, brought on, I think, by the jarring of the engine. It affected me in the small of the back and every throb of the engine seemed to make the pain almost unbearable. The trouble was so deep seated that it defied all my efforts to cure it. After trying many different preparations in vain a friend who had been cured of similar troubles by Doan's Kidney Pills advised me to try them and I got a box at Crayton's drug store. The treatment with Doan's Kidney Pills rid me of all the trouble. My wife also used Doan's Kidney Pills for backache and kidney trouble and found a quick and complete cure. I have known of many railroad men who have used this remedy for the same trouble that afflicted me, and in every case that I have heard of they have done the same good work."

INJURED AT NEWARK

Conrad Hufford and son, Harry Hufford, and son-in-law, Wm. Wagner, of Tymochtee township, went to Newark Wednesday having been called there on account of the critical condition of the former's son, Alvin Hufford, who was struck by a Pennsylvania train in that city Saturday. The gentlemen left immediately on the arrival of a letter which had been delayed. It stated that he had been unconscious since the accident. Mr. Hufford formerly lived in Tymochtee township and only moved to Newark last winter. He was very hard of hearing and the accident is attributed to that cause. Mr. Hufford has been employed as a glass worker at Newark.—Upper Sandusky Chief.

Zanesville Woman Drank Turpentine But Doctor Saved Her Life and She Took Trip.

Zanesville, Nov. 23.—Beulah Curtis, a colored woman under sentence of five years in the Ohio penitentiary for manslaughter, drank four ounces of turpentine in an effort to keep from going to the penitentiary. "I will die before going to the pen," she exclaimed just before she drank the liquid. The turpentine had been given to the woman for medicinal purposes. The woman soon recovered under the care of a physician and she was taken to Columbus in less than two hours after she had taken the turpentine.

DR. WHITNEY DEAD

Republican Majority in House is Reduced to Two-by Death of Westerville Man.

Columbus, Nov. 23.—Dr. W. C. Whitney, a Republican member of the House of Representatives from Franklin county, died last night as the result of burns received last Sunday and pneumonia. He resided at Westerville. The doctor was burned while attempting to rescue one of his horses from a burning barn on his farm. The fire caught while Dr. Whitney was feeding the stock from the explosion of a lantern he was carrying. The horse he attempted to rescue fell and pinned him to the floor. In his desire to free the animal from the burning building he received serious burns about the face and hands.

Dr. Whitney was a strong supporter of all temperance measures, and while in the House served as chairman of the committee on common schools. Unless Governor Harris calls a special election and a Republican is selected the majority of that party in the lower branch of the General Assembly will be reduced to two.

OFFERED TO TAKE WIFE'S PLACE IN JAIL AND SHE WENT FREE

Youngstown, Nov. 23.—John Strall insisted on being locked up at the county jail in place of his wife Annie, who had been arrested on a charge of stealing coal. He said that he had not been employed for weeks and that their two months old baby was dying at the house, the presence of his wife being needed there. He was willing to be locked up for a month if she were released, he declared. The justice before whom the woman was arraigned, ordered her release.

GLASSWORKERS

And Manufacturers Reach a Partial Agreement as to Wages at Indianapolis.

Indianapolis, Nov. 23.—The wage committee of the Amalgamated Window Glass Workers' Association of America and the Window Glass Manufacturers' Protective Association of America, after a two days' session at the Claypool Hotel, adjourned late on Friday afternoon with the announcement that a "partial agreement" had been reached based on the sliding scale.

"This sliding scale," said J. R. Smalley, one of the members of the manufacturers' wage committee, "is to be based on the market price of the glass that we make. At our final conference the glassworkers agreed to accept a sliding scale provided that we would make certain changes in what is known as the base price of glass. By that is meant just at what price the sliding scale is to begin."

OHIO BREVITIES

Decorations in the Ohio Senate chamber have been damaged by water to the extent of \$3,000.

Fred Horn, 23, and J. B. Haus were fatally hurt and Jno. Holzhauser, Wm. Jakes, George Coleman, John McLaughlin and an unknown Italian were seriously hurt in a street car collision at Sandusky, Friday.

Seriously ill with paralysis, James Crow is in St. Francis hospital, Columbus, and his brother Andrew is in the same hospital with a broken leg.

Capt. R. O. Vanhorn of the 15th infantry, for several years a Delaware man, has been appointed an aide to President Roosevelt for the coming season.

Mrs. D. T. Edwards of Delaware, was terribly burned Friday. Helpless from paralysis she was unable to speak when her dress caught fire as she was wheeled close to a grate.

The Ohio State Board of Commerce favors the abolition of party conventions for nomination of candidates for municipal offices and the elimination of party emblems and politics from municipal elections. The primary election reform league's bill was introduced at the Columbus meeting Friday.

Horace Camp, the Akron capitalist, aged 65, is dead.

Harry Kerr, 45, while manacled, leaped from a train near East Liverpool and escaped. His accuser is a 17-year-old girl.

Lena Condit, a sophomore at Wittenberg college, shipped off to Illinois and married Dr. Leo Miller.

Within a year four members of the Miracka family at Canton have been killed by cars. Andrew was buried Friday.

Mrs. John Strickler, 86, who died at the home of her daughter, Mrs. J. F. Baldwin in Columbus, was buried Saturday.

Students at Wittenberg college must not go to the theatre any more or gaze upon chorus girls in musical comedies, if they would respect the wishes of Rev. Dr. S. A. Ort, dean of the college. The practice of the students in decorating their walls with the pictures of actresses also came in for a share of his criticism.

Newark Telephone stock (common) is quoted at 115 and preferred at 125 1-4 on the Columbus stock exchange.

In the United States court Friday, Harry Platt of Delaware, filed a suit for \$10,000 damages against the National Fire Proofing company, as the result of being injured when a ceiling fell on him.

Miss Edith Grady, employed in Dr. Hands office at Columbus, was badly hurt Friday when her hair caught in a motor fan. She was alone and was found unconscious.

OHIO'S CANDIDATES

Taft and Foraker Both Are in the Presidential Race.

ASPIRANTS FOR STATE OFFICES

Democrats Proposed For Governor and United States Senator—One National Convention to Be Held in Ohio—Governor Writing His Message—Various State Affairs.

Columbus, O., Nov. 22.—With two candidates for the presidential nomination, Ohio will cut something of a figure in the national Republican convention next year.

Just how the friends of these two candidates will go about it to select delegates to the convention is not yet settled, but in all probability the skirmish will go on in each congressional district under the old plan of selecting delegates.

Some time ago, when it was proposed to hold a state primary, it was decided by Attorney General Ellis that there is no law to authorize or govern such a procedure. Unless this ruling by the attorney general is reversed there seems to be no other way than the old method of selecting district delegates and alternates by congressional conventions, and the delegates at large and their alternates by the state convention.

The endorsement of Secretary Taft's candidacy by the Garfield club at its annual convention in Warren was answered by the friends of Senator Foraker when the executive and advisory

JAMES KILBOURNE.

Among Those Mentioned as a Likely Candidate For United States Senator.

committees of the Ohio League of Republican Clubs met at Columbus and adopted resolutions endorsing Foraker for re-election to the senate and naming him as their choice for president. The contest is on in earnest now, and as it gathers momentum it is likely to involve the whole scope of the coming state convention, not only as to the selection of delegates at large but also in the selection of candidates on the state ticket.

The first national convention to be appointed will be that of the Prohibition party, which will be held at Columbus the first week in June. This convention will bring to Ohio's capital over 1,500 delegates and alternates, so that it will be seen that the convention will have some magnitude even though the Prohibitionists constitute one of the minor parties.

Candidates for places on the Democratic ticket are beginning to come to the front. James W. Faulkner, the well-known newspaper correspondent, is being mentioned as an aspirant for the nomination for governor. So is Matthew R. Denver of Wilmington, who was elected to congress last year from the Sixth district. John W. Welty of Canton, who was the chief contestant with John M. Pattison in the convention of 1905, is expected to enter the lists again, and there may be more to follow.

Recent reference to former Governor J. E. Campbell as a likely candidate for United States senator, providing the convention follows the rule laid down by the convention in 1906 to endorse a senatorial candidate, brought forth other available, among whom are Colonel James Kilbourne, who was the Democratic candidate for governor in 1901, and Harvey C. Garber, former member of congress and present chairman of the state Democratic executive committee, and M. E. Incalls of Cincinnati. This list is also likely to be increased before the convention meets.

The supreme court's decision that church parsonages, parish houses and similar property are not exempt from taxation is final, after having reopened the case which was begun by the late Bishop Watterson of the Catholic diocese of Columbus to make clear a point that was left in some doubt by a former decision in the same case. The decision will mean a tax obligation of about \$100,000 to the three Catholic dioceses in Ohio. It applies to all denominations alike.

Senator Meek of Dayton stirred up a hornet's nest by his declaration at a convention of teachers that trafficking in certificates of teachers must cease. He declined the request of the state school commissioner to make his charges more specific, but says he is preparing a statement which he will submit to the senate at the coming session incident to the bill to disqualify state examiners from doing institute work in Ohio. In his letter to State School Commissioner Jones he

said: "Since the senate will be the first body to pass on the merits of said bill, you will certainly agree with me that it should be the first to receive the facts. I, therefore, shall reserve all my statements until that time, when I shall also ask the senate to give you and any others interested a proper hearing. The deplorable condition in Ohio school affairs is the outgrowth of rascals and bossism which has obtained for over 15 years. I shall fully explain the 'system' to the senate. Not only school men, but all the people, will then get the facts. The wider the publicity the greater the benefit to the schools of Ohio."

Notwithstanding the state school commissioner proposes to probe Senator Meek's charges and it has even been hinted that Meek may be removed as one of the state board of school examiners.

The legislature will be asked by the state penitentiary officials to repeal or modify the Wertz convict labor law passed at the last session. Although the law has not yet been thoroughly tried, it is contended that its enforcement will ultimately result in the cost of maintaining the penitentiary, about \$250,000 a year, falling as a burden upon the state. The Wertz convict labor law forbids the employment of convicts in the manufacture of articles which come in competition with labor on the outside, at the expiration of present contracts, some of which will run several years.

This view is not shared by Superintendent Leonard of the state reformatory at Mansfield, who approves the Wertz law in his report to the governor. The reformatory has already begun to use its prisoners in the manufacture of goods needed and purchased for other state institutions.

Penitentiary officials will also oppose any effort to abolish the death penalty. Since executions were transferred from the counties to the penitentiary 38 men have been hanged and 40 electrocuted in the pen's death chamber. The killing of a guard by a convict within the past two years and the frequent assaults on guards by convicts cause the opposition of penitentiary officials to the abolition of the death penalty.

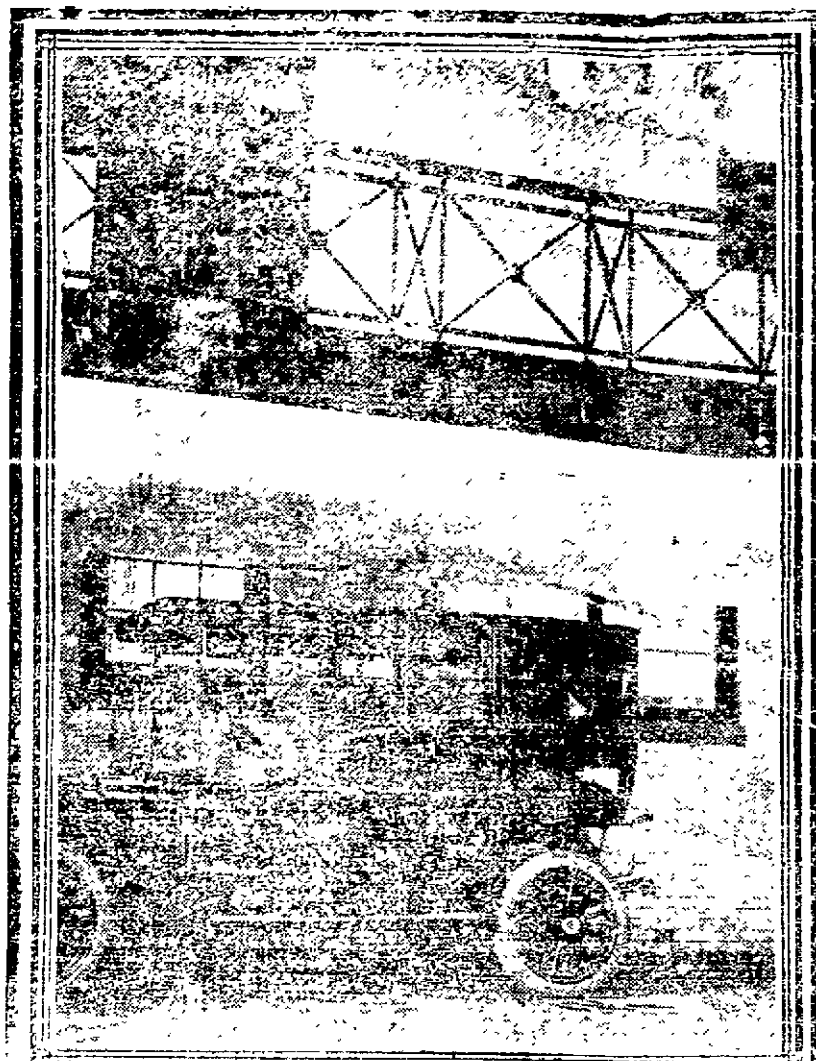

It is claimed that plans are being worked out to attack the county salary law at the coming session of the legislature and to secure its repeal if possible, with the consequent return to the fee system. Such, at least, is supposed to be the purpose of the various state organizations of county officers, who have made the new salary law a principal topic of discussion at their respective meetings.

An effort will be made, also, to have the 2-cent passenger fare act repealed. Not because the act is doing any injustice to the railroads in Ohio, but because its successful operation in this state encourages attempts in other states to secure the 2-cent rate. Just how the railroad interests will go about it to induce the legislature to reverse itself, after an almost unanimous vote for the Freiner bill, remains to be seen.

Governor Harris is putting in all of his extra time in the preparation of his message to the general assembly. It will be an exhaustive treatise on the affairs of the state, covering every department, with suggestions as to the disposition of the present surplus in the state treasury that will be of interest to the general public as well as members of the body. The state institutions will come in for more than the usual attention, with something of the obligations resting upon the state in a financial way. Almost daily conferences are held between the governor and the various heads of the departments to discuss the matters to be dealt with in the message.

By sustaining the validity of the Atkin tax in the Wrede case, which came up from Cincinnati, the state supreme court put a quiver on the contention about the acts of the legislative session of 1906 which became laws without the governor's signature. The opinion was written by Chief Justice J. A. Shauck and concurred in

MR. ROCKEFELLER COMPLETES FINEST GARAGE IN AMERICA.

THIS WAS D. ROCKEFELLER'S GARAGE AT POCANTICO HILLS.

New York, Nov. 23.—John D. Rockefeller has just completed, at his Pocantico Hills estate, the finest private garage in the country. Since he became an enthusiastic automobilist he has abandoned the use of horses, and only one-half of his large stable is used for the horses owned by his son.

The eastern half of the stable has been turned into a garage, and it has a floor space of one hundred feet square. The floor is of red cement, the walls are of white tile. The building cost \$25,000.

Mr. Rockefeller now owns three large cars and expects to buy another. He will stay at Pocantico Hills until about Christmas. Then he will leave for the south, where he will play golf all winter. Mr. Rockefeller is fond of the South in winter and he believes that his game of golf is as essential every day as his meals.

GRATEFUL JAILBIRDS.

They Tell Missouri Governor Their Reasons For Thanks.

The following is a copy of a sketch headed "Why We Are Thankful," written by the prisoners in jail at Macon, Mo., last Thanksgiving day and placed in the hands of the sheriff with the request to let the light shine on it.

Dear Governor—We have read your Thanksgiving proclamation with interest and will abide by your suggestions as well as we may be able in our limited environments. Although unjustly shut out from the world at present, we have much to be thankful for. The papers are not pitching into us and calling us hard names like they do Mr. Rockefeller, Senator Platt, Will's Hearst and other men with a larger measure of liberty. Our appetite is of the never-get-wary kind, and we don't have to take treatment for insomnia.

We are not nervous concerning burglars and holdup men, and our diamonds are the least of our worries. Nobody comes round and tries to work us on racket money, stock or sell us gold bricks. The coal man hasn't come after his money, and we don't look for him. Snow, ice, sleet and wintry winds are nothing to us. We don't have to get up early Sunday morning and fix for Sunday school.

Three times a day, week in and week out, we get beans, corn dodger and well water, except on holidays, when there's a double dose of water.

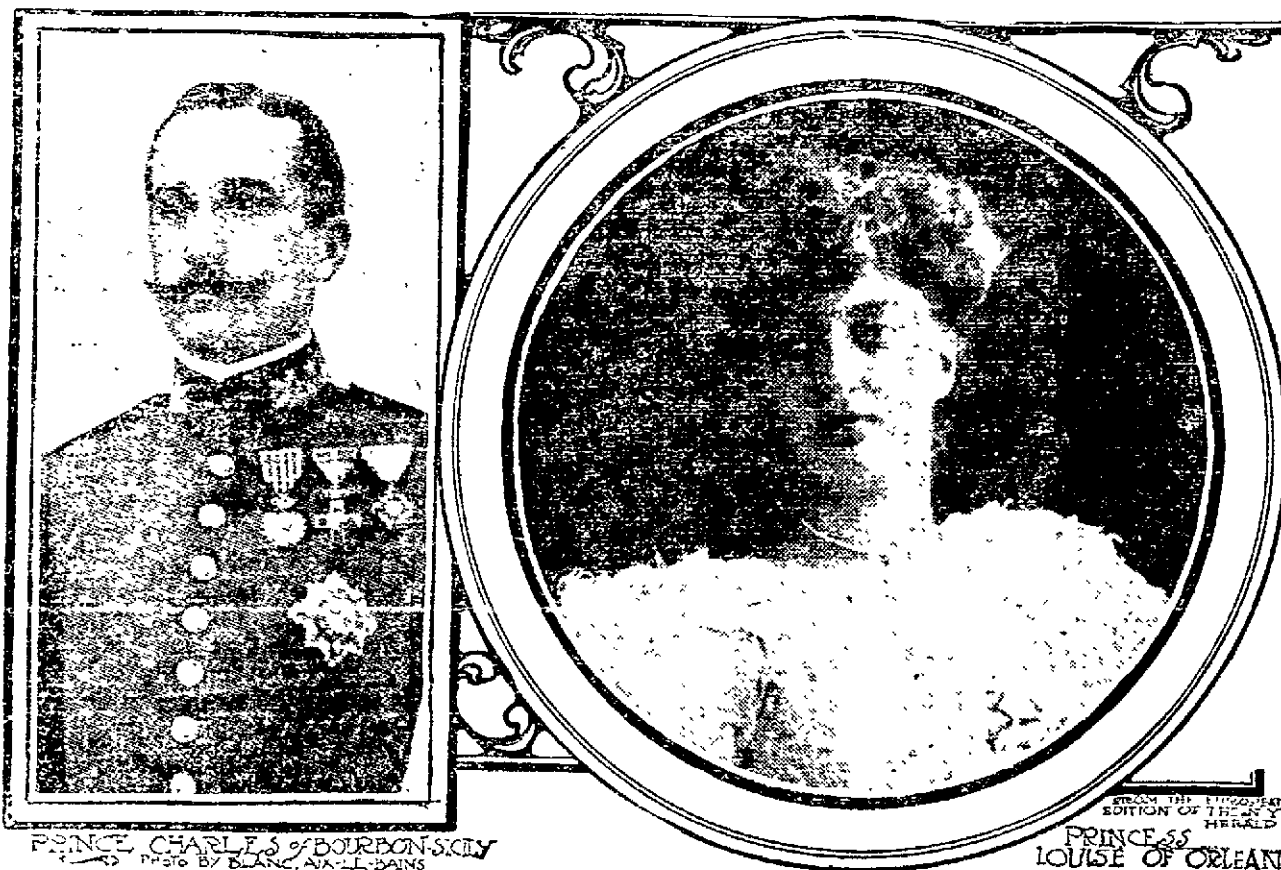

In looking over these matters we feel that we are best far beyond the common run, for which we are deeply thankful. We don't care to get any nearer where you live, much as we like you. Your ways are not our ways, and we wish to be particular and lead a quiet, orderly life. Respectfully,

GEORGE O. FRIEN,
WILL MITCHELL,

\$5,000,000 IN PRESENTS AT WEDDING OF PRINCE.

PRINCE CHARLES OF BOURBON.

PRINCESS LOUISE OF ORLEANS.

LONDON, Nov. 23.—A glimpse of the manners and customs of the French court of old was presented at Wood Norton, where Prince Charles of Bourbon was married to Princess Louise of France with elaborate ceremonies, the picturesqueness and stately magnificence of which could hardly have been exceeded were the Duke of Orleans, the owner of Wood Norton and the bride's brother, the occupant instead of a pretender to the throne of France. The wedding presents came from all parts of the world and mainly consisted of jewels. The presents, according to estimate, were worth nearly \$5,000,000.

The EDISON PHONOGRAPH

THE secret of a happy home is entertainment. Home should be the most entertaining spot on earth for the family, and it can be for the very small amount of money which an investment in the Edison Phonograph would mean. Mr. Edison's Phonograph supplies the entire entertainment. It will sing, render any kind of instrumental music or talk. It is a marvelous reproducer of every kind of sound and especially of the sort of sounds which, combined, produce music.

If you haven't seen the new Edison model with the big horn, by all means go to the nearest Edison store and see, and more especially hear, it. It's a wonder in its way. Descriptive booklet on request.

December Records Out Monday

WHILE it has been hard to make a Record of just the right consistency to be durable enough to stand lots of wear and at the same time delicate enough to give the most perfect rendition of sound, yet Mr. Edison has produced by his secret processes the most perfect Record for Phonographic use that has yet been made. Go over the list of December Records, check off those you would like to hear and then go to the nearest Edison store and hear them. This is the way to get all the pleasure out of your Edison Phonograph.

FAMOUS FAST AND FEAST.

One Preceded and One Followed the Civil War.

Queerly enough, both national fasts and national Thanksgiving were affected by the civil war. President Buchanan appointed a day of national fasting and prayer to avert civil war. Republican governors of states in some instances ignored it and in others took notice of it in a way to rub their ideas against Buchanan and his party into their proclamations. Democratic governors, south and north, under the form of an appeal to the deity, cauterized Republicanism to the best of their ability.

As President Buchanan called the nation to prayer to avert civil war, so did President Lincoln call it to thanksgiving for victories in a civil war, to the end that more victories might bring union and peace. Of course, as Mr. Buchanan was ignored or satirized in antipathetic political quarters in the north, so was President Lincoln criticized and even abused in the south, where the Union forces were not in control. But as Mr. Buchanan was the pioneer in a national fast day and as Mr. Lincoln was the pioneer in national thanksgiving days it is well to remember that sectional conditions in a sectional war moved both and that the great national observance which we now have was born in the throes of fratricidal civil contention.—Brooklyn Eagle.

An Old Virginia Law.

A law passed by the grand assembly, held at James City, Va., in March, 1662, was designed for the purpose of trying to prevent women from talking to excess. The law read: "Whereas many babbling women slander and scandalize their neighbors, for which their poor husbands are often involved in chargeable and vexatious suits and cast in great damages, be it therefore enacted that in actions of slander, occasioned by the wife, after judgment passed for the damages, the woman shall be punished by ducking; and if the slander be so enormous as to be adjudged at greater damages than 500 pounds of tobacco, then the woman to suffer a ducking for each 500 pounds of tobacco adjudged against the husband, if he refuses to pay the tobacco."

THE MARCONI TRANSMITTER AT WORK FROM THE ILLUSTRATED LONDON NEWS

The expensive plant required for the production of the spark used in wireless telegraphy is illustrated in the accompanying picture, sketched from the plant at Clifden, Galway, Ireland. The magnitude of the plant required is one of the disadvantages of the wireless transatlantic system, as its commercial features.

According to the London Illustrated News, "for a second or two before the beginning of the message there is a sound like a deep growl of thunder, then the spark passes with a rending detonation, and for the rest of the time that the message is being sent the noise resembles that of a machine gun in action. The operator must not approach the charged plate nearer than six feet."

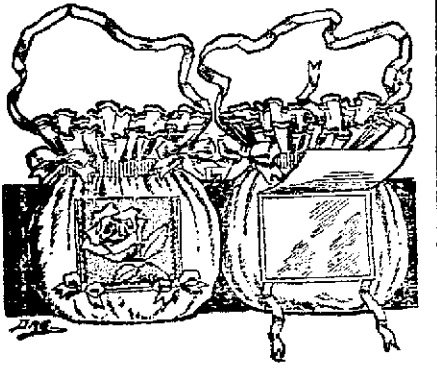

MURDERERS AND BARBARIANS BARRED.

A feast answering the purpose of our Thanksgiving day was held by the ancient Greeks in honor of Demeter, the deity who owned the earth in their eyes. The rallying point for this feast, which lasted nine days, was at Athens. All except murderers and barbarians took part in it. The fruits of the earth which seemed to please the Greeks most were barley, mint, pomegranates and poppy seeds. In addition to eating and drinking more than ordinarily, a grand torchlight procession along the "sacred way" to Eleusina was the chief attraction. The sacred way seems to have been to the ancient Greek what Fifth Avenue is to the modern New Yorker.

NOVEL THEATER BAG.

Attractive Christmas Present and How It is Made.

A theater bag of one sort or another is an absolute necessity for the theater goer in these days, when dress pockets are forbidden luxuries and when it is impossible without risk of loss to hold in one hand a purse, a pocket handkerchief and an opera glass, possibly a powder puff and probably some chocolates and at the same time to

gather up one's skirt with the other hand and in the case of a matinee on a wet afternoon perhaps struggle also to carry an umbrella.

Such a useful little bag as the one shown in our sketch will help us out of most of these difficulties and will leave us with one hand free for our skirt and the other for our umbrella, as by means of the ribbon handle the bag can easily be slung over one's arm. It could be made from a remnant of strong satin or a short length of brocade, and it should be lined with silk in some contrasting color.

For a modest sum a small piece of looking glass can be purchased in the street. This should be slipped between the lining and the outer cover of the bag and arranged so that the opening in the silk is rather smaller than the glass itself. A little secotine, very lightly applied, will hold the mirror firmly in its place, and it should be concealed from view on ordinary occasions by a flap of cloth embroidered with a floral design and tied with ribbon bows.

A single ton of steel will make about 10,000 gross of steel pens.

In Tasmania no person under 13 years of age is allowed to smoke in a public place. Nearly everybody smokes in Japan, the girls begin when they are 10 years of age, and the boys a year earlier.

FREE

UNTIL THE EVENING OF NOV. 27.

You need not bring money as consultation and advice is free, the rich and poor alike treated. All who call upon the doctors before the above date will receive consultation, examination, advice and surgical operation free of charge. All that is asked in return is that every person will state to their friends the result obtained by their new system.

ALL DISEASES OF MEN AND WOMEN TREATED.

Deafness cured by an entire new system. No matter what your disease may be or of how long standing. The doctors will locate your disease without asking you any questions. These doctors are said to be the greatest stomach, liver and kidney specialists in America. The sick and afflicted should take advantage of the opportunity here offered. They may never again have the privilege of consulting such skilled physicians so near their homes. Go and have it forever settled in your mind. If your case is curable they will tell you so frankly, if incurable they will give you such advice as to prolong your life. No sick man or woman should fail to consult these eminent men. It is the greatest opportunity of the sick person's life.

Every kind of human ill falls at the touch of these marvelous men, so great and wonderful have been the cures that in many cases it is hard, indeed, to find the dividing line between human accomplishment and miracle. It matters not what the ill may be, it matters not what discouraging reports may have been made from all directions; it matters not if you have been told that your death stares you in the face. Go and consult these doctors, and if there is the faintest shadow upon which to hang a hope you will find that hope there, and that hope will surely lead you to peace, contentment and health.

No time given to droness or gossipers. Be distinctly understood that we are not Christian Scientists, Magnetic Healers or Faith Healers, but treat diseases on scientific principles.

THESE DOCTORS are skilled specialists in every ill that flesh is heir to and will be found ready and willing to extend the hand of help, bring-

ing back health and happiness where now exists sickness and sorrow. A special invitation to anyone suffering from disease pronounced incurable. It matters not what your disease may be, come and be examined; if curable they will treat you; if incurable, advise you. These doctors treat every variety of disease and deformity. They have had vast experience in London, Paris, Heidelberg and Stockholm.

Ragabuffin Parades.

But twelve permits were issued by the police of New York for "ragabuffin" parades through the city's streets last Thanksgiving day. Patrolman Frederick Krennerbach of the bureau of information said that he remembered when 100 and even more permits were issued for Thanksgiving day parades only four or five years back. Among the best known of the ragabuffin associations which did not apply for marching permits were the Original Hound Guards, the Eagle Rangers, the Home Guards, the Mackerel Rangers, the Phoenix Light Guard and the Slickville Slenderfoot Army.

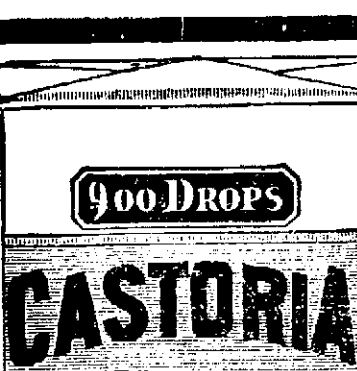

Thanksgiving on the Continent.

Germany and Russia adopt the rather sensible plan of appointing Thanksgiving days when they have some special reason for so doing, though Russia hasn't had much to be thankful for in late years. In Hungary Thanksgiving days or something analogous to them used to be common, but have now passed away, except on rare occasions of national rejoicing. Then a horse race of a particularly exciting description takes the place that football occupies in the American observance of the real thing in the way of Thanksgiving celebrations.

B. & O. CALLERS ANNUAL BALL NOVEMBER 27TH

SANTA FE PROPOSES TO GIVE A BONUS TO ENGINEERS AND FIREMEN.

Seat For Each Passenger.—B. & O. Doings—Budget of Local and General Railway News.

The twelfth annual ball of the B. & O. callers will be held at Armory Hall Thanksgiving eve, November 27. The hall has been remodeled and now presents an attractive appearance, and a good time is insured to every one as these dances are always well attended. Mars's orchestra of eight pieces will furnish the music for the evening, and the dance will begin at 8 o'clock and continue until 1 a. m. The committee reserves the right to eject any person of questionable character from the hall.

Bonus to Engineers and Firemen. The Santa Fe Railroad company proposes to offer a bonus to the engineers and firemen who will get their locomotives over the most miles with the smallest repair reports at the end of the month. The bonus will make its presence felt in the size of the time check of the engineer and fireman make good. Many of the engineers and firemen are signing the petition for the bonus system which is equivalent to a contract, but still others are not signing readily.

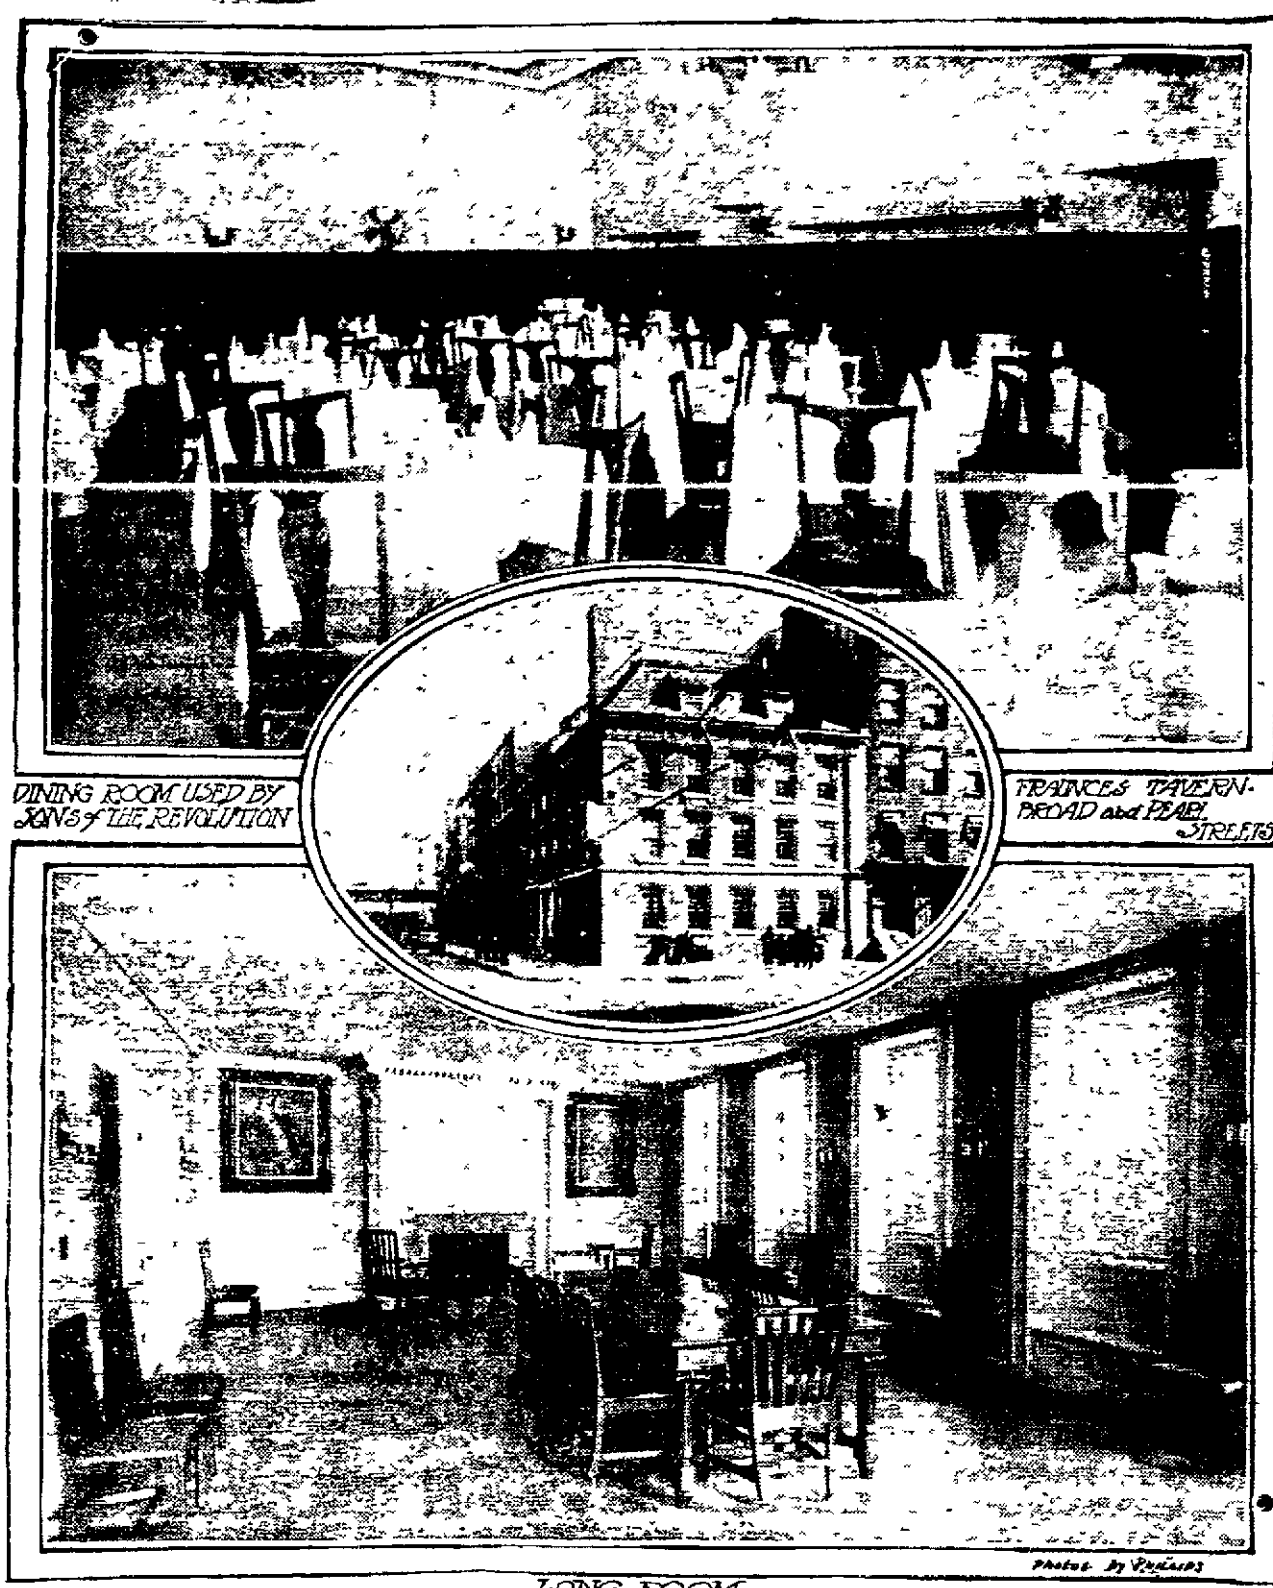

Seat For Each Passenger. In the case of an ordinance passed by the street commissioners of Jersey City, N. J., requiring the New Jersey Street Railway company during rush hours to operate enough cars from the Pennsylvania and Erie terminals and provide each passenger with a seat under penalty of \$5, the Supreme court upheld the ordinance this week.

B. & O. to Make Big Improvements. B. & O. officials announce that the company will commence next spring the extensive improvements planned at Defiance whereby a new passenger and freight station will be built and one or two dangerous grade crossings eliminated, involving an expenditure of \$60,000. The improvements have been held up by litigation over the securing of additional land, but the railroad company has finally secured a favorable decree—Garrett Clipper.

Railroad Men Are Sportsmen. Quite a number of the railway men at this point have been taking advantage of the hunting season to spend a day now and then in the fields, and a number of the men have returned with good bunches of game.

The Pennsy's Engine Test. Beginning next week and continuing for at least two weeks with Penn-

TO DEDICATE FRANCE'S TAVERN DECEMBER 4.

New York, Nov. 23.—France's Tavern, freed of the dross heaped upon it by vandal hands and restored to its original state as exactly as one may know, will be dedicated anew to all good cheer on December 4, when officials and citizens have been bidden to see the old place find itself.

History celebrates the venerable structure as the scene of the farewell of Washington to the officers of his army and the old Lodge room where he spoke the words of parting has changed little in the years. Many other associations cluster about the old hostelry, however, and all are connected with the best traditions of the city of New York. Here it was that the Chamber of Commerce was founded, that the Social Club, forerunner of such organizations as the Union and many others, came into being.

First Big Engine Delivered. The first of the 50 monster locomotives ordered some time ago for the Pennsylvania line west of Pittsburgh, was delivered Thursday and it is expected that from 20 to 25 will be turned out every month, says the Deunison Paragraph.

Big Freight Business. The B. & O. does \$10,000 worth of freight business a month at Defiance. It is the best town in this respect on the Chicago division—Garrett Clipper.

With the approach of the time when the new B. & O. station in this city will be open to the public, comes a story that John C. Patterson, who for so many years has been performing duties as both freight and pas-

WINTON SIX-CYLINDER AUTO SHOW
To Day 9 a. m. to 9 p. m.

The same discernment that prompts a keenly sensible, successful man to equip his home with electric lights ought to prompt him to purchase a six cylinder motor car. The six is as far superior to the four as the electric light is to gas. Efficiency, safety, economy, beauty and, above all else, the satisfaction of having the best there is, commend electric illumination and the six with equal force. There isn't even a saving in first cost to favor the purchase of a four. Best fours cost so little less than the WINTON SIX-TEEN-SIX that the initial saving can not compensate for the difference in wear and depreciation at the season's end.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

CORRY STADDEN ON "ERROR OF LAW" JUST PUBLISHED

THIS OCCUPIES 44 PAGES AND IS PREPARED WITH MUCH SKILL.

Former Newark Young Man Writes an Exhaustive Review Which Commands Attention.

The Columbia Law Review for November, 1907, published by the Columbia University Press, 6 Fifth Avenue, New York, contains an able article that will be of great interest to Newark people. The first article in the Review is from the pen of William B. Hornblower, a distinguished jurist of New York on "A Century of Adjudged Made Law." The second article, which is first alluded to, is entitled "Error of Law" and is written by Mr. Corry M. Stadden, an old Newark boy, son of Mr. and Mrs. George W. Stadden of this city, but now practicing law in Washington, D. C. Mr. Stadden's thesis occupies 44 pages of the Review and is one of the most thoroughly comprehensive and exhaustive exposures of the subject that has yet been published. It covers the broad and much mooted legal question whether an error of nature or of law is reversible or not, and being one so decided that mistakes of law may be relieved in law, there is still considerable authority, especially in this country, for claiming that mistakes of law cannot be relieved, based upon an improper application of the old familiar rule, that ignorance of the law excuses no one." Mr. Stadden, in his admirable thesis makes an able and exhaustive review of all the authorities modern and ancient, English, French, German,

Italian and American, upon the subjects, conclusively showing that a rigid application of the maxim quoted, through all errors of law, would work great practical injustice in many cases. He clearly demonstrates that the trend of modern discoveries in England, especially since Lord Mansfield's great dictum, is to the effect that mistakes of law are equally relievable with mistakes of fact, when justice and good conscience seem to demand it. The American decisions do not seem to go so far in practical justice, still holding largely to the technical idea, as enunciated by some of the early European text writers, that mistakes of law cannot be relieved. While such a ruling does seem to work practical injustice in many cases, yet to the writer the query arises, "Is it after all safe to allow parties to claim ignorance of law as defence, or as a ground of action against other parties in many cases. In other words, as a general proposition, should not a knowledge of the law be required of all parties as a general proposition with reasonable statutory exceptions, as well as a knowledge of facts."

Wonderful Eczema Cure
"Our little boy had eczema for five years," writes N. A. Adams, Henrietta, Pa. "Two of our home doctors said the case was hopeless, his lungs being affected. We then employed other doctors, but no benefit resulted. By chance we read about Electric Butters, bought a bottle and soon noticed improvement. We continued this medicine until several bottles were used, when our boy was completely cured." Best of all blood medicines and body building health tonics. Guaranteed at F. D. Hall's drug store. 50c.
